

WEEKLY UPDATE

2/12/2021

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. Since the onset of this virus, we have had 91 residents and 46 staff members test positive for COVID-19. We continue to test twice per week based off our county's positivity rate (presently at 14%). We currently do not have any active positive cases amongst staff or residents.

Our third and final COVID-19 Vaccination Clinic is scheduled for 2/18/21. Any newly admitted resident, newly hired staff member, or anyone previously not receiving that has had a change of heart will be able to receive the first dose of the vaccine at this time. Those that received their first dose during the second clinic on 1/28/21, will receive their second and final dose at this time. For information on the COVID-19 vaccine, you may visit [cdc.gov/coronavirus/2019-ncov/vaccines](https://www.cdc.gov/coronavirus/2019-ncov/vaccines).

As always, we are working hard to keep everyone in our community safe and we will continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19, such as only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at 281-347-8200.

Sincerely,

Kelly Linker

WEEKLY UPDATE

2/3/2021

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. Since the onset of this virus, we have had 91 residents and 46 staff members test positive for COVID-19. We continue to test twice per week based off our county's positivity rate (presently at 14%). We tested a total of 147 staff members and residents last week; all results came back negative. We currently do not have any active positive cases amongst staff or residents. Those that tested positive recently have been deemed recovered.

We had our second COVID-19 vaccine clinic last week on 1/28/21. At the conclusion of that visit, we had a total of 82 individuals that have successfully received both doses of the vaccine! We had an additional 23 individuals receive their first dose of the vaccine. Our final vaccine clinic is scheduled for 2/18/21. For information on the COVID-19 vaccine, you may visit cdc.gov/coronavirus/2019-ncov/vaccines.

As always, we are working hard to keep everyone in our community safe and we will continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19, such as only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.
