

WEEKLY UPDATE

June 24, 2020

Dear Residents and Families/Representatives,

As of today, 0 residents and 2 staff members have tested positive for COVID-19. We regrettably received a second confirmed positive employee case on 6/24/2020. In response to this news, we will perform a second round of facility wide testing for all residents and staff members. We will begin testing on 6/25/2020. Our goal is to have the majority, if not all, residents and staff members tested and tests sent out by the end of the day Thursday, or Friday 6/26/2020 at the latest. This would allow us to hopefully receive the majority of the results back prior to the weekend.

While we focus on stopping further spread of this virus in our facility by continuing to follow the recommendations of our health officials and practicing the enhanced safety measures we have previously reported to you, we also want to make sure our residents' daily routines are as normal as possible and that they are having some fun, too!

As always, please continue to check our website for updates. We will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact your loved one's Guardian Angel at 281-347-8200.

Sincerely,

Kelly Linker
