

WEEKLY UPDATE

September 24, 2020

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. We are happy to report that we continue to have zero confirmed cases of COVID-19 in our facility. We're continuing to conduct weekly testing on staff members that previously had a negative COVID-19 result, per CMS requirements. The positivity rate for Harris County has dropped down to 5.5% from 7.8% last week.

We are currently reviewing our visitation policy, and our clinical leadership teams are working on creating visitation plans and procedures that will allow families and friends to visit with their loved ones while complying with all federal, state and local requirements for visitation and infection prevention and control.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at 281-347-8200.

Sincerely,

Kelly Linker
